

### REMARKS

Claims 29, 30, and 32-41 are allowed. Claims 1-28, 31, and 42 have been cancelled.

Assignee respectfully requests the entry of the foregoing amendments to claims 32-34. The amendments correct the dependency of the claims from claim 31, which is cancelled, to claim 29. It is believed that the additional amendment to claim 32 is permissible.

The Applicant respectfully submits that the Reasons for Allowance may potentially import interpretations into the claims in relation to the prior art that are unnecessarily limited and may place unwarranted interpretations upon the claims.

Such a characterization of the claims in view of the prior art may not properly take into account the Applicant's claimed invention as reflected in the claims, the specification and the prosecution history of the present application. Applicant believes that the claims, the specification, and the prosecution history in their entirety provide an adequate basis for the allowability of the claims.

Additionally, specific parts of the Examiner's reasons for allowance may pertain to limitations appearing in some of the claims, but not others of the claims. The Applicant respectfully submits that the Examiner has thoroughly examined the claims, recognized the limitations appearing or not appearing in each of the claims, and properly found the claims to be allowable based on the record. Although Assignee respectfully agrees with the Examiner's conclusions that the present claims are allowable over the

prior art, Assignee does not adopt Examiner's findings with regards to the teachings of the prior art.
